

GAS INDIA 2016THEME : GAS FOR SUSTAINABLE DEVELOPMENT OF
INDUSTRY & GROWTH

15-16 (Thu-Fri) December 2016 at Hotel Novotel, Pune, India

Wish You
**Happy
New Year
2017**

GAS INDIA 2016 – 2nd Event. A Success Review

This year Arkey Conference Service Cell, organised Conference & Exhibition on GAS INDIA 2016, with the theme “Gas for Sustainable Development of Industry & Growth” held on 15 – 16 December. 2016 (Thu - Fri) at Hotel NOVOTEL, Pune.

Dr. V. K. Rao, Senior Consultant & Advisor, Hyderabad, former Senior Vice President (Gas Business),

Reliance Power Ltd., Mumbai, Inaugurated the Conference and Mr. Bharat Rajadhyaksha, Advisor Quality & Technology, Tata Autocomp Hendrickson Suspensions Pvt. Ltd., Pune has delivered his Keynote address.

Mr. G. Ramkumar, former Executive Director (Automation), Indian Oil Corporation Ltd., Mumbai addressed at Valedictory Function.

There were 14 Technical Papers presented on various topics relating to the theme. Few of them, Especially a paper on

“Small Scale CGD through LNG ” by Mr. J. P. Misra, Dy. General Manager (Gas Business) INDIAN OIL CORPORATION LTD., NEW DELHI

Provoked the interest in the Gas India

paper on “Practical Utilization of Gas From Plastic”

Mr. Ajit Gadgil, Director - GD ENVIRONMENTAL PVT. LTD. PUNE

& Paper on “Agro Gas : India's Energy Security”

Mr. Rajesh Date, Executive Director, PRIMOVE ENGINEERING PVT. LTD., PUNE

Received very good questions & received appreciation by the audience

The Exhibition was organised during the conference. Eight exhibitors show cased their products and expertise.

Feedbacks

I would like to express my hearty thanks for the hospitality extended during my stay in Pune for the Conference and for all the assistance rendered to make the Conference a Grand success.

The Conference was well organised and the topics deliberated were relevant to Gas Industry utilisation standards. The innovative presentations on Cryogenic LNG transportation in remotely located areas, utilisation of small gas supplies for power generation through engineering concepts and improved reticulated gas supply systems were some of the interesting topics in the context of Make in India theme.

The Key note address on overview of current scenario of Natural Gas sector in India received responsive audience

- Dr. V. K. Rao

Senior Consultant & Advisor, Hyderabad
Former Senior Vice President (Gas Business)
Reliance Power Ltd., Mumbai

Nice to interact with the group ...adding energy to the initiative & growth in the gas sector..a vital form of energy in this century. Certainly the presentations, the stalls..enrich the developments.

Bio fuels & Producing oil & Gas from waste materials like plastics...very noble attempts.

We can keep up the knowledge sharing keeping abreast.
thanks to organisers & regards to Mr. Kulkarni.

Mr. G. Ramkumar

Former Executive Director (Automation)
Indian Oil Corporation Ltd., Mumbai

My interaction was only for half a day and my impressions in this short period were as follows:

1. Overall got a feeling of a well organized Conference and the last minute change of the Chief Guest was also handled quite well.
2. Though I am not sure regarding the profile of the participants, it is necessary to increase the participants of the actual users of the Gas.
3. You can also include presentations of Combustion Equipment or Furnace manufacturers to emphasize on the important aspect of fuel efficiency and efficient Combustion systems available.
4. A half day visit to a plant implementing an innovative technology in use of Gas can also be thought off.

Mr. Bharat Rajadhyaksha

Advisor Quality & Technology Tata Autocomp Hendrickson Suspensions Pvt. Ltd., Pune

**Indian Gas Engineering Training Academy
Dedicated for Education & Training**

My Impression about the GasIndia2016 conference:

"I found this event and particularly this platform the right one for all the people associated with Gas, be it PNG, CNG, LNG, NGV, Bio-CNG, NG or LPG who produce, distribute and consume gas as a fuel or as a feedstock. I found participation of all stake holders's presence belonging to this value chain of gas and their active participation in this event. The presence of the eminent personalities as the Key Note speaker and the Valedictory Speeches were inspiring. The sharing of their knowledge, experience along with the latest technological developments and information brought the participants to the next level. I wish GasIndia 2017 a grand success"

- Hemant M. Wamburkar

Head - Energy, Spiraal Electricals Pvt. Ltd.

It was a pleasure participating at the recently held gas india 2016 conference organised by arkey conference cell.

The participation was of intellectuals who were keen to share their knowledge and enhance their skills in this trade.

The speakers were above par and delivered their talks with regards to respective subjects which were of great interest.

Contributing time and knowledge by industry experts at the conference was well appreciated by one and all. the stalwarts of the gas business shared their expertise in an excellent manner and some speakers fell short of time due to question answer sessions of curious audience.

The only shortfall i relate to is the lack of response from the user industry which was not very encouraging.

wish you all the best for the future.

- Jaisinh Sampat

Director- Pune Gasparts & Services Pvt. Ltd.

Technical papers presented during conference

Developments in Indian Natural Gas Segment - Key Trends and Overview

Dr. V. K. Rao, Senior Consultant & Advisor, Hyderabad
Former Senior Vice President (Gas Business)
RELIANCE POWER LTD., MUMBAI

Reticulated and Domestic Metering Technology

Mr. M. S. Kishore, Managing Director
EMINENT GAS TECHNOLOGIES PVT. LTD., THANE (W)

Agro Gas : India's Energy Security

Mr. Rajesh Date, Executive Director
PRIMOVE ENGINEERING PVT. LTD., PUNE

Gas Metering Fundamentals

Mr. Pramod Karwa, Divisional Manager-Gas Meters
RAYCHEM RPG PVT. LTD., PUNE

Role Of Bio CNG As Transportation Fuel

Mr. Srinivas Kasulla, Vice President – Technology
SPECTRUM RENEWABLE ENERGY PVT LTD, HYDERABAD

Truesafe Gas Leak Detectors – Residential, Commercial, Industrial

Mr. Nitin Joshi, Managing Director
Mr. Dippak Ahirao, Asst. Gen. Manager - Channel Marketing
REALTY AUTOMATION & SECURITY SYSTEMS PVT.LTD.
PUNE

Training & Skill development- need of the hour

Mr. Jaisinh Sampat, Director
PUNE GASPARTS AND SERVICES PVT. LTD., PUNE

Innovations on GAS Metering & Billing

Mr. Phani Kumar Varanasi
CEO-HANBIT AUTOMATION TECHNOLOGIES PVT. LTD.,
SECUNDARABAD

Small Scale CGD through LNG

Mr. J. P. Misra, Dy. General Manager (Gas Business)
INDIAN OIL CORPORATION LTD., NEW DELHI

Energy Efficient Dual Fuel Fired Combustion Technology

Mr. Dhananjay Navangul, Managing Director
DHANAPRAKASH INDUSTRIAL CORPORATION, SANGLI

VOT & LOT Installations for Industrial and Commercial Customers

Mr. Jesal Sampat, Executive Director
PUNE GASPARTS AND SERVICES PVT. LTD. PUNE

Practical Utilization of Gas From Plastic

Mr. Ajit Gadgil, Director
GD ENVIRONMENTAL PVT. LTD. PUNE

Importance of Energy Audits in Energy Sustainability w.r.t. Gas as an Energy

Mr. Hemant M. Wamburkar, Head – Energy Services,
SPIRAAL ELECTRICALS PVT. LTD., PUNE

Private Bottling and Distribution

Mr. Shrikant Nemade, Area Executive- Industrial Sales
TOTAL OIL INDIA PVT. LTD., PUNE.

During the vote of thanks at valedictory function Mr. R. T. Kulkarni - Convenor, expressed that user industry should participate largely in this event. And next conference we will try to bring industry people for this show
