Changing scenario with the present initiative “Make in India” is welcome by manufacturers in India. More so by Auto hubs around major cities like Pune, Bangalore, Gurgaon, Chennai, Hyderabad etc.. New Vehicles with international brands are also creating demand for new requirements as per global standards and posing more challenges to the Indian Forging Industries, from making raw forgings to finished components. Recently policies are also creating new avenues for Forgings in Defence, Energy Sectors with tremendous volumes as well as challenges.

In this event befitting the theme all efforts are being done to bring buyers and manufacturer on one common platform to find a solution to partnering for business development.

This three days Conference is proposed with your active support. We expect to generate new initiatives to face these challenges and sustain Indian brands to Global standards in forging industry.

It will be a good opportunity for networking with all concerned industries like Material Suppliers, Equipment Manufacturers, and Service Provider etc. To show case their new Technologies & Services.

We welcome you to participate and take the benefits out of this event to face Global challenges.

### INVITATION FOR PAPER

#### Technical Papers

- Layout of the plant for production optimisation.
- Energy Management
- Low Cost Automation
- Environmental aspects
- Developments in Lubricants
- Die life enhancement Technologies.
- 3D Printing
- Use of Nano steels, smart steels & strip material.
- After Forging Processes
- Finance Assistance schemes either by Govt. or Banks.
- Industry vision through market Research organisations like Mecanzee / Atkerny
- Competitive Study of market with other countries – India Vs China / Korea
- Developing Manpower – Skill Development
- Effect of Demonetisation
- Light Weighting Techniques
- Aluminium Forging Technology
- Simulation

### WE INVITE PAPERS FROM DOMESTIC / INTERNATIONAL BUYERS

- Their perception of Indian Forging Industry
- Expectations
- Growth Trends
- Any possibility of partnering for smooth business growth
INVITATION FOR PARTICIPATION

ACCOUNT NAME:
FOUNDRY & FORGE TRAINING CENTRE

BANK NAME:
UCO Bank

BRANCH NAME:
Deccan Gymkhana Branch

ACCOUNT NO.:
06870200000612

IFSC CODE:
UCBA0000687

MICR:
411028009

TYPE OF A/C:
Current A/c

RTGS / NEFT DETAILS

ORGANISED BY
FORGING TECHNOLOGY FORUM

‘Guruprasad’, 37/4/A, 6th Lane, Opposite Hotel Laxman Prabhath Road, Pune 411 004 India 020‐25651717, 25670808 Mobile: +91 97647 11315  c@arkeycell.com,

FOUNDRY AND FORGE TRAINING CENTRE
A Division of ARKEY TECHNICAL TRAINING & RESEARCH INSTITUTE (TRUST)

Exhibition Tariff
RATE PER SQUARE METER
Member $ 7500/-
Non-Member $ 8500/-
Member $ 150
Non-Member $ 165
+ 15% Service Tax

Prospective Exhibitor
- Material - Manufacturers & Suppliers
- Equipment - Press Manufacturers, Hammer Manufacturers
- Furnaces
- Instrumentation
- Heat Treatment
- Consumables
- Simulation Software
- Service Providers
- Forging Manufacturers
